Greetings!

ASCLS has made changes to software recently and all of the passwords for ASCLS.org, the new Member Community (members.ascls.org), and CE Organizer (ceorganizer.ascls.org) have been reset to your ASCLS member number.

For CE Organizer, there are now 2 different logins. One for members, and one for nonmembers. See the example below. Please select the correct log in based on your membership status. Members must use the link found inside the “If you are an ASCLS Member Click Here” text box.
